EdgeTec Auto Case Erector

TAPERS

OPERATOR FRIENDLY

The electro-pneumatic Auto Case Erector is designed for compact erecting and bottom sealing. The durable design has proven to be one of the most reliable case erectors on the market today, keeping production and maintenance efforts to a minimum. The Auto Case Erector provides a fast and cost-efficient alternative to hand erecting and taping.

PACKING AND SEALING MADE EASY

Designed with the customer in mind, the Auto Case Erector is a system for erecting up to 100 cases without any operator interaction. Once boxes have been loaded and machine has been started it will effortlessly erect up to 18 cases every minute.

LESS DOWNTIME

The Auto Case Erector offers fast and easy case changes with adjustable side rails and flexibility for boxes 8" in length and greater. Adjustments can be made on the fly with easy hand wheels. The Auto Case Erector utilizes EdgeTec's Easy Swap bottom tape head and will erect boxes as narrow as 6" wide and as low as 4" tall.

INDUSTRIAL QUALITY

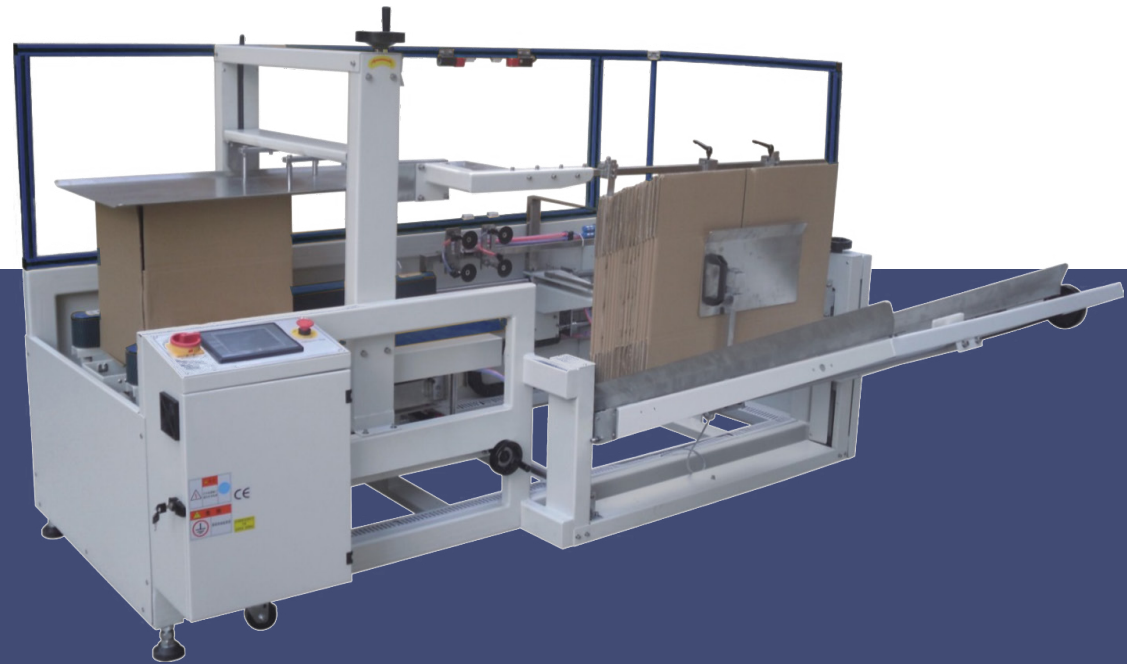

CE approved dual drive motors, aggressive industrial strength side belts make the Auto Case Erector a workhorse. Each machine is made from 12 gauge steel and will withstand the most rugged applications. The powder coated exterior protects the machine from harsh conditions.

CONVENIENCE

These machines accept 2" wide pressure-sensitive tape as a standard, or can be ordered with 3" tape heads. The use of EdgeTec's Auto Case Erector can be learned in minutes, avoiding breaks in production and downtime, saving your company money and increasing your ROI.

THE RIGHT SOLUTION

Rugged design. Proven reliability. Simple operation. The benefits go on and on. When it comes to industrial operation, rely on EdgeTec to provide the right solution for your case erecting needs.
